

Celebrating Earth Day: Caring for Our Planet Together

22ND APRIL

What is Earth Day?

The Beginning

Started 22nd April 1970 to protect our planet

Worldwide Celebration

Millions of people join in every year

One Planet

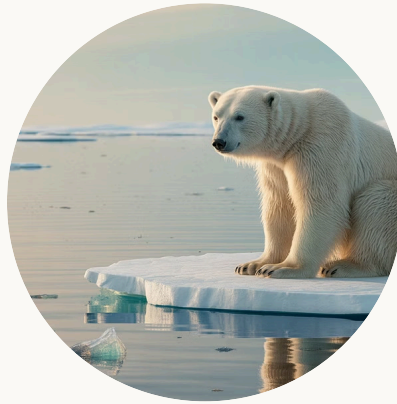

We all share Earth and must care for it together

Why Does Earth Day Matter?

Life Essentials

Air, water, and food come from our planet

Protecting Wildlife

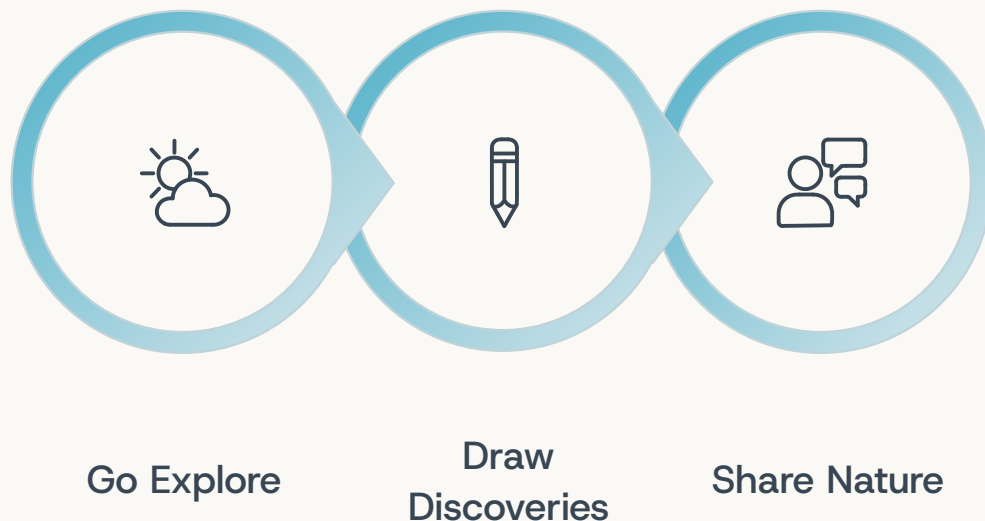

Pollution and waste hurt animals and plants

Our Future

We learn to protect nature for tomorrow

Fun Earth Day Activity: Nature Walk

Discover the amazing world right outside your door!

What You'll Find

- Colourful plants and flowers
- Busy insects working hard
- Birds singing in the trees
- So many living things sharing our world

Plant a Tree or a Garden

Clean Air Heroes

Trees breathe in dirty air and give us fresh oxygen to breathe

Animal Homes

Birds, squirrels, and insects need trees and plants for shelter

Watch It Grow

Water your plants and see them change through spring, summer, autumn, and winter
